

Mobile Resource Management (MRM) Innovation

CariTrack

Smart GPS Tracking

TRAMIGO™

Tramigo T22's Smart Platform

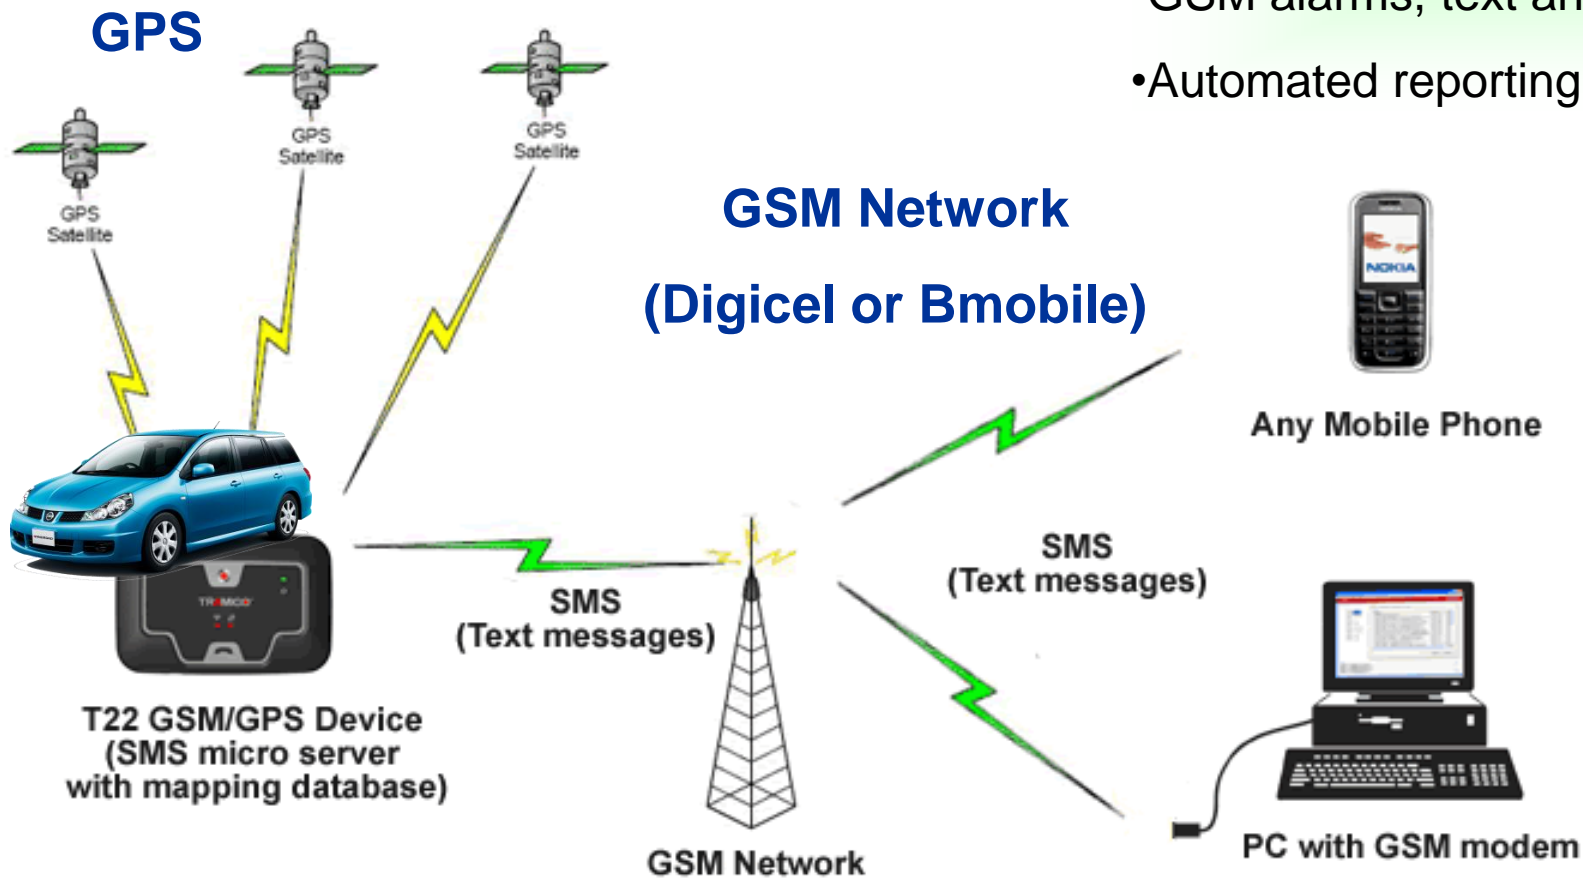

The device works with a **GSM SIM card** (Digicel or Bmobile) installed in it.

1	Micro Server	10 users, 3 security access levels, 2 location database directories and easy to use instruction set
2	GPS Locator	User friendly text based output reference to landmark with status, speed, direction and time/date
3	Communicator	Speed dial, SMS call back, incoming calls with mini mono audio port
4	Security Device	Shock (Motion) Sensor, Panic (SOS) Button and Remote Immobilization
5	SMS/Voice Device	Primary communication mechanism is SMS (text) with Easy to Use Instruction set.

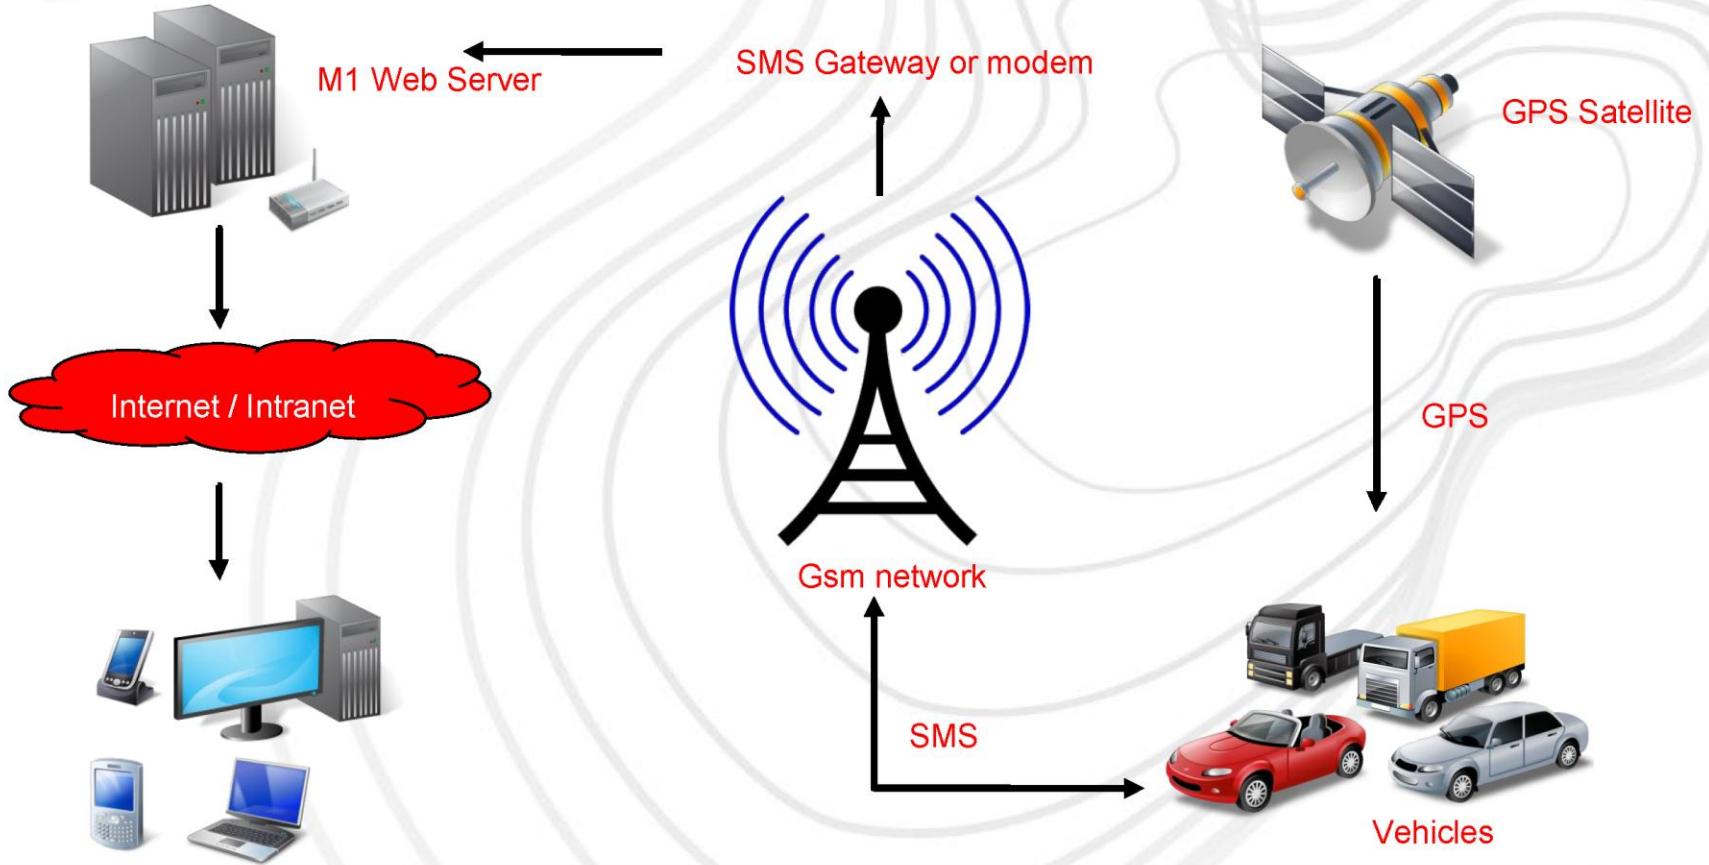

How it works: GPS & GSM (SMS "Texting")

OVERVIEW

- Portable or Installed in a vehicle
- GPS text and map capabilities
- GSM alarms, text and voice
- Automated reporting (AVL)

System Diagram

The Tramigo Advantage

Monitor and control your movable assets from the convenience of your mobile phone with simple SMS (text) messages

Centralized Monitoring, Control and data storage from your computers /Server (with GSM modem or SMS Gateway)

Economical

- No Monthly Fees
- No Internet (only SMS)
- *Free Software*

Private

- *You select monitors*
- *Password Protection*
- *3 level User Security*

Numerous Security, GPS tracking & Mobile Resource Management Applications

Corporate MRM Processes

Business Process Development

- Security Management & Monitoring
- Fleet Management
- Health & Safety
- Logistics Management
- Field Staff Management

Corporate MRM Benefits

- Improves Safety & Driver Responsibility
- Decreases Excessive Speeds
- Validates Field Work Assignments
- Prevents Fraudulent Claims
- Reduces Fuel & Maintenance Cost
- Reduces Delay & Time Spent at Unauthorized Locations
- Receive Lower Insurance Rates
- Reduces Operating Costs

Corporate MRM Benefits

- Reduces Overtime
- Increases Efficiency - Monitors Routes and Stops
- Eliminates Paper Logs

The T22 system offers additional MRM benefits such as

Privacy

Cost Effectiveness

User Friendliness

GSM Platform Advantage

- Roaming
- Extended Range
- Coverage
- Low cost

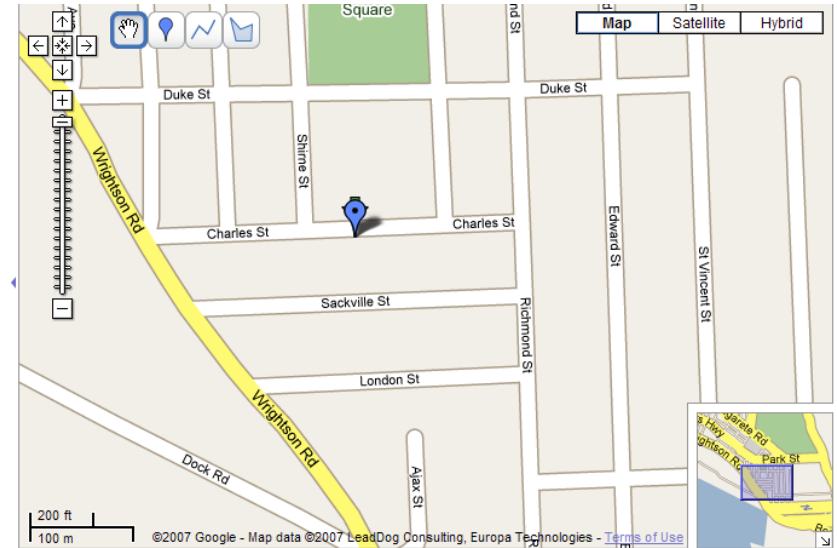

- GSM's strength is it's global network
 - SMS operates in voice fringe areas
- T22 simultaneous users can be global

User Friendly Mapping Advantage

- Easy to Customize
- Very Flexible
- Easy to Use
- Logistics Management
- Fleet Management

Name1	Name2	Name3	Country	Class	Latitude	Longitude
Acton Court Townhouses	Diego Martin	Trinidad	TT	P	10.68932	-61.55359
ABEL Brick Factory/ Longdenville	Chaguanas	Trinidad	TT	P	10.50894	-61.37056
Adam Smith Square	Port-of-Spain	Trinidad	TT	P	10.66108	-61.52311
Adelphi		Tobago	TT	V	11.21011	-60.72121

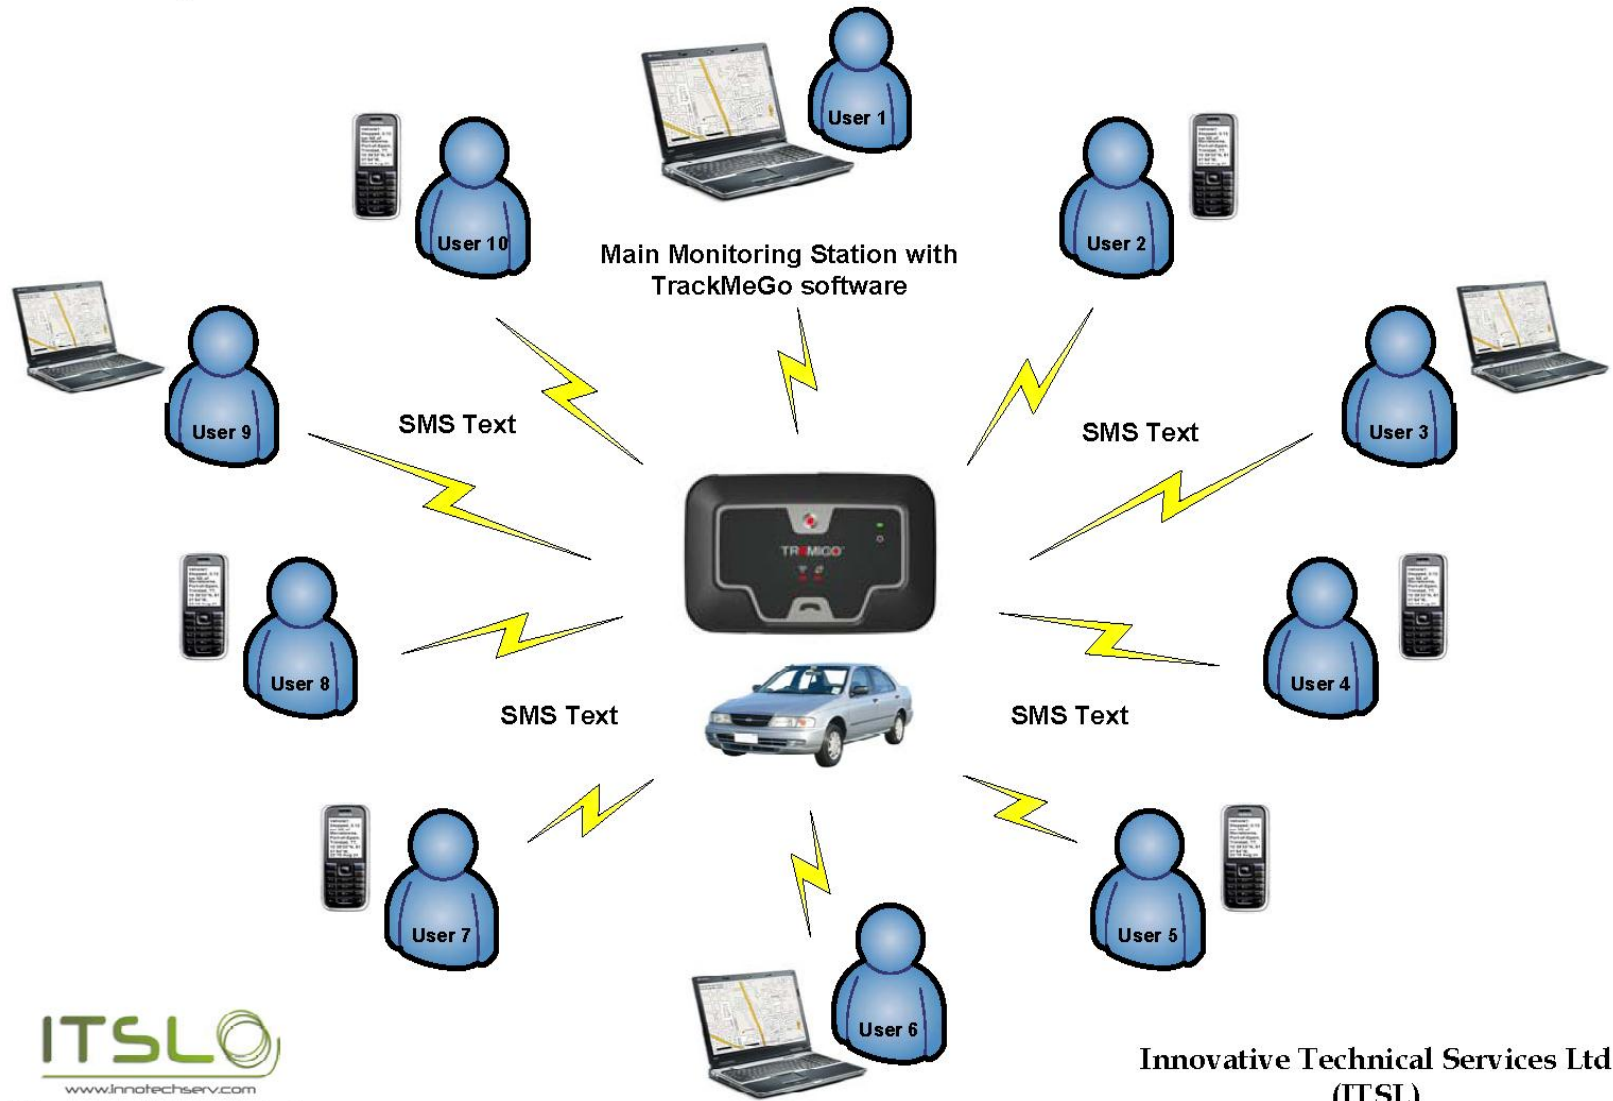

GPS Tracking with Landmark Referencing

MAP DATA (GIS)

- 15,000 main Location Database capacity
- 250 user defined points database
- 10,000 TT landmarks
- Specialized map development capability
- Geo coordinates available in each text
- Free Fleet Management PC Software
- Free mobile phone software available

Vehicle1: Moving, 0.29
km W of WASA
Transportation Office, St.
Joseph, Trinidad, TT,
10.65115, -61.42209, W
with speed 60 km/h,
13:49 Oct 14

Sales Staff1: Alarm
detected, panic button
activated, stopped, 0.13
km N of St. James Police
Station, Port-of-Spain,
Trinidad, TT, 10.67332,
-61.53610, 13:50 Oct 8

Tramigo devices work with every phone

- No software installation is required
- Simple SMS commands for all features
- No server or data connection required
- Free software for phone or PC as option

SMS

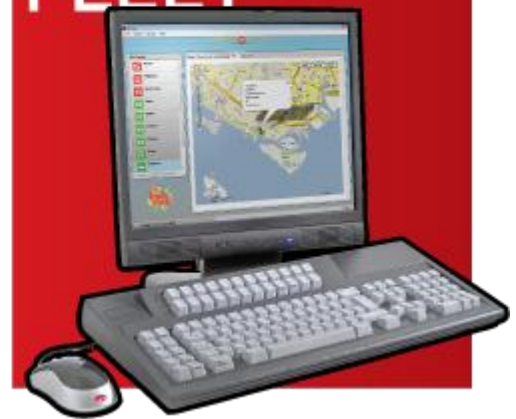

On any phone without software via easy SMS

MOVE

M1 Move for Java/S60 smartphones (free option)

FLEET

M1 Fleet for tracking fleets from a PC or Server (free option)

T22 Response: *“PCB9999: Disable, ignition enabled, 14:06 Aug 8”*

Text “**Disable, on, forced**” to disable ignition immediately

How to use GPS Tracking

Find (Locate)

Text “F” or “ ” [blank] to vehicle’s mobile phone number

T22 Response: *“PCD9999: Moving, 0.13 km E of Goya St/EMR, EI Dorado / Tunapuna, Trinidad, TT, 10.64548, -61.36902, W with speed 16 km/h, 12:09 Aug 10 ”*

Text “F,60” to get vehicle to text it’s location every 60 minutes

T22 Response: *“PCE9999: Periodic find activated, report interval 60 minutes, 07:46 Sep”*

How to use GPS Tracking

Find (Locate)

Text **“F,,5000”** to get vehicle to text it's location every 5,000km

T22 Response: ***“PCE9999: Periodic find activated, report interval 5000.0 km, 07:53 Sep 1”***

Text **“F,8,10”** to get vehicle to text it's location every 8 min or 10km

T22 Response: ***“PCE9999: Periodic find activated, report interval 8 minutes, 10.0 km, 07:59 Sep 1 “***

How to use other features (cont'd)

- Text “**S**, *speedLimit/on/off* ” to turn on/off **Speed** reporting
- Text “**T**, *on/off* ” to turn on/off **Trip reporting** (Summary reports on vehicle use, include parameters such as total distance, travel & idle times, Max & Average speed, start and end locations etc.)
- Text “**W**, *placeName*” to find distance and direction from specified landmark {*placeName*}. (**Basic GPS navigation** using landmark stored in T22's database.)
- Text “**Z**, *distance/on/off,placeName* ” to turn on **Zone Reporting**. (Notifies user when the vehicle is entering or leaving an area. The area is defined by a circle with a radius defined by the distance from the place name. The smallest radius is 0.1 Km)

Tramigo Ltd and Mobile Operators

Tramigo is the preferred partner of mobile operators around the world, including Orange, Telefonica, Etisalat, MTN and many others.

Partnerships

Orange, 22 countries

Telefonica, Columbia
Telcel, Mexico

MTN

Etisalat, Pakistan
Ufone, Pakistan

PLDT, Philippines

Another 7-8 are rolling out in 2009

In addition, Tramigo T22 is trading in over 120 countries.

Tramigo Local Distributor

Innovative Technical Services Ltd.

Pioneering Service Solutions

- Sales and Service
- Training
- Business Process Development
- ICT Support

The CariTrack logo consists of the word 'CariTrack' in a blue and green font. The letter 'i' in 'Cari' is blue, and 'Track' is green. A small blue satellite icon is positioned above the 'i'.

The Smart e-Forms.com logo features the text 'Smart e-Forms.com' in a yellow and white font. The word 'Smart' is yellow, 'e' is white, and 'Forms.com' is white. The text is set against a dark green, rounded rectangular background with a green arrow pointing upwards and to the right.
